I don't think DOT should bring City-business to Little Tokyo. LTBA and LTCC would oppose it! DOT should relocate the Inspection i side the Garage or place it on Main St. or First St. next to the Caltrans Bldg.

Thank you very much James-san,

LADOT is OK with the Onizuka street considering staff safety during inspection. Any suggestion for other street? Thank you very much for your help and have a great weekend!

Masami-San,

I don't think that's a good idea! You have to keep the inspection next to the Caltrans building, and not encroach into Little Tokyo...

Hi James-san,

I hope all is well. We are coordinating with the City to relocate the existing LADOT taxi inspection zone on Los Angeles Street so that we can maintain 2 vehicular lanes in both directions with the proposed bike lanes. We are proposing Onizuka street for relocation. Could you please review and let me know if you have any comment before I distribute to the LT stakeholders? Thank you very much for all your help on the project.
